**Covid-19 Vaccine awareness campaign on 19-April-2021**

In view of the current situation of the second wave of Covid-19 and with the aim of protecting against the terrible corona epidemic that has reached the rural areas and also to spread the vaccine produced for self-defence and to get as many people as possible to take this vaccine, the National Service Planning Department has conducted a public awareness program "Covid-19 Vaccination Awareness Campaign" on 19 April 2021.

Posters of the said vaccination awareness campaign were distributed to the volunteers of the National Service Scheme through a WhatsApp group. The benefits of vaccination were given to the volunteers by dispelling the misconceptions and fears of the volunteers about vaccination. This information was done for the awareness of vaccination by instructing the volunteers to pass it on to their families as well as the people in their locality. Shri Govindrao Kadam (Secretary of Shri Guru Buddhiswami Shikshan Prasarak Sanstha, Purna) challenged that as many people as possible should get vaccinated. Dr. K. Rajkumar (Principal), Dr. R. S. Shaikh (Vice-Principal), Shri. Umakant Mitkari (Supervisor) provided invaluable guidance. Total 424 students participated in the drive.
